# NOTIFICATION OF ADDENDUM ADDENDUM NO. 1 DATED 6/12/2014

| Control | 6271-40-001     |
|---------|-----------------|
| Project | RMC - 627140001 |
| Highway | IH0010          |
| County  | HARRIS          |

#### Ladies/Gentlemen:

Attached please find an addendum on the above captioned project. Included in the attachment is an adendum notification which details the changes and the respective proposal pages which were added and/ or changed.

Except for new bid insert pages, it is unnecessary to return any of the pages attached.

Bid insert pages must be returned with the bid proposal submitted to the Department, unless your firm is submitting a bid using a computer print out. The computer print out must be changed to reflect the new bid item information.

Contractors and material suppliers, etc. who have previously been furnished informational proposals are not being furnished a copy of the addendum. If you have a subcontractor on the above project, please advise them of this addendum. Acknowledgment of this addendum is not requested if your company has been issued a proposal stamped "This Proposal Issued for Informational Purposes."

You are required to acknowledge receipt of this addendum on the Addendum Acknowledgement form contained in your bid proposal by placing a mark in the box next to the respective addendum.

Failure to Acknowledge receipt of this addendum in your bid proposal will result in your bid not being read.

1-1

County: Harris Control: 6271-40-001

**Highway:** IH 10, etc.

#### **General Notes:**

Supervision:

Plans are required. Refer question to:

Lucio Ortiz, P.E. Southeast Harris Area Office 702 FM 1959 Houston, Texas 77034 (281) 464-5500

All work will be scheduled and directed by, and requests for payments addressed to:

Todd Hebert East Harris Maintenance Office 7303 Mesa Road Houston, TX 77028 (713) 636-7400

This is a non-site specific contract.

Response Time - begin work within 48 hours of each verbal notification from the East Harris Maintenance Office.

Provide one crew 7 days a week, 24 hours a day for the duration of the contract. Begin physical work within 48 hours of notification.

Work will not be permitted when impending bad weather or inclement weather may impair the quality of work.

#### **General: Site Management**

Do not mix or store materials, or store or repair equipment, on top of concrete pavement or bridge decks unless authorized by the Engineer. Permission will be granted to store materials on surfaces if no damage or discoloration will result.

Personal vehicles of employees are not permitted to park within the right of way, including sections closed to public traffic. Employees may park on the right of way at the Contractor's office, equipment, and materials storage yard sites.

Assume ownership of debris and dispose of at an approved location. Do not dispose of debris on private property unless approved in writing by the District Engineer.

County: Harris Control: 6271-40-001

**Highway:** IH 10, etc.

#### **Item 5: Control of the Work**

Contact TxDOT project supervisor for this project to determine/verify the locations of ITS loop detectors, conduit, ground boxes, etc. Any ITS equipment damaged by the Contractor will be repaired or replaced by the Contractor at their expense by a pre-approved method.

Contact TxDOT project supervisor for this project when construction operations are within 400 feet of a signalized intersection to determine/verify the location of loop detectors, conduit, ground boxes, etc. Signal equipment damaged by the Contractor will be repaired or replaced by the Contractor at their expense by a pre-approved method.

## **Item 8: Prosecution and Progress**

Working days will be computed and charged based on a Calendar Day workweek in accordance with Section 8.3.A.5.

The response time specified in this contract is an essential element. Liquidated damages will be accessed when the Contractor fails to begin work within the specified response times for any Item(s). The dollar amount specified in this Contract will be deducted from any money due or to become due for any Item(s) and will continue to be deducted for each day until work begins. This amount will be assessed not as penalty, but as liquidated damages.

The Lane Assessment Fee for each roadway is stated below. This fee applies to the Contractor for closures or obstructions that overlap into restricted hour traffic for each hour or portion thereof, per lane, regardless of the length of lane closure or obstruction. For Restricted hours subject to Lane Assessment fee refer to the Item, "Barricades, Signs, and Traffic Handling."

| Lane Closure Assessment ree rable |                             |  |  |  |
|-----------------------------------|-----------------------------|--|--|--|
| Roadway                           | Lane Closure Assessment Fee |  |  |  |
| IH 10                             | \$2,000.00                  |  |  |  |
| SH 225                            | \$ 1,500.00                 |  |  |  |
| SH 146                            | \$1,500.00                  |  |  |  |
| LP 8                              | \$1,000.00                  |  |  |  |
| SP 330                            | \$400.00                    |  |  |  |
| US 90                             | \$500.00                    |  |  |  |

Lane Closure Assessment Fee Table

## Item 502: Barricades, Signs and Traffic Handling

Use a traffic control plan for handling traffic through the various phases of construction. Follow the phasing sequence unless otherwise agreed upon by the Area Engineer and the Project Manager. Ensure this plan conforms to the latest "Texas Manual on Uniform Traffic Control Devices" and the latest Barricade and Construction (BC) Standard Sheets.

County: Harris Control: 6271-40-001

**Highway:** IH 10, etc.

Submit changes to the traffic control plan to the Area Engineer. Provide a layout showing the construction phasing, signs, striping, and signalizations for changes to the original traffic control plan.

Furnish and maintain the barricades and warning signs, including the necessary temporary and portable traffic control devices, during the various phases of construction. Place and construct these barricades and warning signs in accordance with the latest "Texas Manual on Uniform Traffic Control Devices" for typical construction layouts.

Cover work zone signs when work related to the signs is not in progress, or any hazard related to the signs no longer exist.

Keep the delineation devices, signs, and pavement markings clean. This work is subsidiary to the Item, "Barricades, Signs, and Traffic Handling."

Before detouring traffic onto the mainlane shoulders, remove dirt, debris, vegetation, and other deleterious material from the surface of the shoulders. Appropriately sign the detour in an approved manner. This work is subsidiary to the various bid items.

Do not mount signs on drums or barricades, except those listed in the latest Barricades and Construction standard sheets.

Use shadow vehicles with Truck Mounted Attenuators (TMAs) for lane closures construction.

Do not reduce the existing number of lanes open to traffic except as shown on the following schedule:

# One Lane Closure SP 330 & US 90

| Day                         | Daytime Work    | Nighttime Work                       | Restricted Hours Subject           |
|-----------------------------|-----------------|--------------------------------------|------------------------------------|
|                             | Hours           | Hours                                | to Lane Assessment Fee             |
| Monday<br>Through<br>Friday | 9:00 AM-3:00 PM | 7:00 PM-12:00 AM<br>12:00 AM-5:00 AM | 5:00 AM-9:00 AM<br>3:00 PM-7:00 PM |

# One Lane Closure IH 10, SH 225, SH 146 & LP 8

| Day                         | Daytime Work<br>Hours | Nighttime Work<br>Hours             | Restricted Hours Subject to Lane Assessment Fee |
|-----------------------------|-----------------------|-------------------------------------|---|
| Monday<br>Through<br>Friday | None                  | 9:00 PM-12:00AM<br>12:00 AM-5:00 AM | 5:00 AM – 9:00 PM                               |

# Weekend One Lane Closure IH 10, SH 225, SH 146, LP8, SP 330 & US 90

County: Harris Control: 6271-40-001

**Highway:** IH 10, etc.

| Day                           | Daytime Work      | Nighttime Work                       | Restricted Hours Subject |
|-------------------------------|-------------------|--------------------------------------|--------------------------|
|                               | Hours             | Hours                                | to Lane Assessment Fee   |
| Saturday<br>Through<br>Sunday | 5:00 AM – 8:00 PM | 8:00 PM-12:00 AM<br>12:00 AM-5:00 AM | N/A                      |

The above times are approved for the traffic control conditions listed. The Area Engineer may approve other closure times if traffic counts warrant. The Area Engineer may reduce the above times for special events.

Law enforcement assistance will be required for this project and is expected to be required for major traffic control changes and lane closures. Coordinate with local law enforcement and arrange for law enforcement as directed or agreed by the Engineer. Before payment will be made, complete the "Daily Report on Law Enforcement Force Account Work" (Form 318) provided by the Department and submit daily invoices that agree with this form for any day during the month in which approved services were provided.

Provide full-time, off-duty, uniformed, certified peace officers, as part of traffic control operations. The peace officers must be able to show proof of certification by the Texas Commission on Law Enforcement Officers Standards. The cost of the officers is paid for on a force account basis.

The number of peace officers and working hours will be determined in advance of the work and approved by the Engineer.

A minimum of 7 days in advance of any total closure, notify the Houston District Public Information Office of which roadways, ramps, intersections, or lanes will be closed, the dates they will remain closed, and when they will be opened again to traffic.

A minimum of 7 days in advance of any total closure, place a portable changeable message (PCM) sign at the location of each total closure which informs the traveling public of the details of the closure.

Provide 2 portable changeable message signs as shown on the Traffic Control Plan and the Special Specification Item, "Portable Changeable Message Signs."

## **Item 636: Aluminum Signs**

After signs have been replaced, wash signs requiring cleaning with an approved cleaning solution to remove all grease, oil, dirt, smears, streaks and other foreign particles.

The Department will determine which materials are salvageable and which are non-salvageable.

## Item 644: Small Roadside Sign Supports and Assemblies

County: Harris Control: 6271-40-001

**Highway:** IH 10, etc.

For this project, the contractor will be allowed to use a portable, motor driven concrete mixer for batches of concrete less than 2 cubic yards. The concrete shall be Class A or bagged concrete product meeting the requirements of DMS-4655 for Type C- General Purpose Repairs with a minimum 3-day compressive strength of 3,600 psi.

Prior to taking elevation to determine lengths for fabrication of sign post and/or sign support, obtain verification of all proposed locations.

Provide field galvanizing and metalizing equipment, as pre item 445, at all times and make repairs to galvanized surfaces according to the above specification item at intervals as directed.

Use the Texas Universal Triangular Slip Base with the concrete foundation for small ground mounted signs, unless otherwise shown in the plans.

After sign supports with signs attached have been erected, wash individual units requiring cleaning with an approved cleaning solution to remove all grease, oil, dirt, smears, streaks and other foreign particles.

## **Item 1122: Temporary Erosion, Sedimentation and Environmental Controls**

The Storm Water Pollution Prevention Plan (SWP3) consists of temporary erosion control measures needed and provided for under this Item. The disturbed area is less than one acre and use of erosion control measures is not anticipated. If physical conditions encountered at the job site require necessary controls, BMP installation, maintenance, and removal will be paid as extra work on a force account basis per Articles 4.2 and 9.5. Since the disturbed area is less than 5 acres, a "Notice of Intent" (NOI) is not required.
